

# Jillian Lee

22, Laser Radial

Jillian is a SEA Games Gold medalist where she won in the Laser Radial Women class in Kuala Lumpur last year. This will be her first Asian Games.

*“The effort you would need to put in to qualify for the Asian Games is 10-fold that of what I had to put in for the SEA Games. I know the level I need to reach to give myself a chance of doing well at the Asian Games. That level is not attainable without sacrificing significant things like school and social life, and replacing it with time in the gym or on the water.”*
